## SUMMARY

I started my career in 2021 and I have gained experience in full-stack website development, IT support, and anything related to these fields. I am adaptable to any situations and have a proven record of delivering impactful solutions and clients satisfaction, solving various problems, following instructions, fulfilling client requests. I am moderately fluent in both English and Indonesian Languages. I am an initiative-taking learner who thrives on new challenges and purposeful endeavors. I consistently bring loyalty, creativity, effort, and dedication in achieving goals. I used to work on website development and progressive web application (PWA).
